PROJECTS

Gemini Helpdesk Portal

- A service desk portal enables employees to log in and submit requests or incidents to various departments such as HR, IT, Accounts, and Admin.
- This portal contributed to an annual cost reduction of nearly \$10,000 by eliminating the need for outsourcing a third-party service desk.
- Tech Stack: ReactJS, Redux, JavaScript, SCSS.

TataAIG Agent Portal (05/2021 - Present)

- Tata AIG Agent Portal offers a wide range of insurance products through various channels, including banca, agency, broker, OEM, and affinity. Core policy admin (GC) and front-end systems like e-Connect and IPDS manage policy issuance and service.
- Tech Stack: Angular, TypeScript, SASS, BootStrap.

TataAIG Customer Portal (09/2020 - 05/2021)

- The TATA AIG Customer Portal provides customers with a diverse selection of insurance products, such as Motor, Health, and Travel, ensuring a smooth experience and simplifying the policy issuance process.
- Tech Stack: ReactJS, Redux, JavaScript, SCSS.
